

College Radio Station PSA from Office of the Secretary of State

- Please read throughout the months of September and October -

Are you registered to vote?

Many young Georgians believe the decisions made by government officials do not affect their lives. It seems like politicians never address issues that matter to young people.

Consider this fact: 80% of 80 year olds vote, while only 20% of 20 year olds vote.

No wonder politicians focus on issues like social security and health care. Senior citizens make their voices heard in the voting booth.

Get government officials to pay attention to what matters to you. Get registered and voice your vote!

Visit Secretary of State Cathy Cox's voter education website - www.georgiacounts.com - to get registered, and find out where your polling place is located.
